

## 9600-B

The model 9600-B is designed for larger jobs, and to accommodate not only the large single piece, but also has the size to have two or three jobs going at the same time on the table. The 9600-B is one of the larger tables in Denray's Pushbutton Cleaning line. It comes with 80/20 cartridge filters which clean with a 99.95% capture rate at 0.5 micron.

The model 9600-B can be used for solid surfaces, plastics, woods, and finishing material. All of the Denray "Jet Pulse" Pushbutton Cleaning lines are available with the options listed below:

### Options:

Explosion Proof Motors  
(In 3 Phase only)  
Light Bars, Casters, Auto  
Timers, Mufflers, Carbon  
Filter Banks (odor only),  
HEPA Filter Banks, Three  
Sided 20" Tall Safety  
Shield

Standard Features: Magnetic Starter, Rubber  
Coated Top, "Jet Pulse" Pushbutton Cleaning
